raise funds.

Once the mandatory repairs to the exterior of Carbondale City Hall have been completed, we will focus on the interior of the building. Memorial contributions, it is hoped, will make possible the restoration of the interior of the building. Individual rooms will be named in honor of or in memory of individuals and organizations who provide the funds necessary to have them restored.

A descriptive brochure on the Committee and its objectives is enclosed. We would be pleased if you would join us. Together we can guarantee the future not only of Carbondale City Hall but also of the city of Carbondale.

Sincerely yours,

S. Robert Powell
President
